COMPETENCIES

- Flutter/Dart
- iOS/Swift
- NodeJS/JS
- ReactNative/JS

EDUCATION

Siddaganga Institute Of Technology
- Computer Science, B.E — 9.34 CGPA

Kendriya Vidyalaya MEG & Centre
- 12th Grade, PCMC — 91.2%

Kendriya Vidyalaya Tumkur
- 10th Grade, CBSE — 10 CGPA

OTHER INTERESTS

- **Reading** books, articles, blog posts, and more.
- **Writing articles** on Medium.
- Conducting **teaching sessions** for the budding developers.

WORK EXPERIENCE

Product Engineer| Full-time
Qoohoo | Jun 2021 to Dec 2021
- Worked in a fast-paced startup environment where I had **ownership of the mobile vertical**.
- **Architected and built the entire app** ground-up in Flutter.
- **Guided freshers and interns** in industry-standard architectural and coding practices (both in iOS & Flutter).

Mobile Developer | Full-time
GoNuclei | Jun 2020 to Jun 2021
- **Developed a full-fledged neomorphic Flutter app** for a foreign bank with a team of six developers.
- **Fully owned deployment to the iOS platform** and other iOS-specific matters therein.

Mobile Developer | Internship
GoNuclei | Jan 2020 to June 2020
- **Embedded modules built with Flutter into GoNuclei's native (iOS) codebase**.
- Worked extensively on embedded Flutter modules, **method channels, deep links, and communications between Flutter & native (iOS) sides of the SDK**.
- This **increased developer productivity** by more than 50%.

SIDE PROJECTS

TwitterX • iOS • NodeJS
github (frontend) • github (backend)
- **Created a rip-off of Twitter's core features**.
- Tinkered with creating **performant and elegant architecture** for both the **mobile app & backend app**.

NOTABLES

- Article published on **Flutter's official Medium publication**.
